

Legend Recording Co.

There 's a rumbling sound in Nashville because the BOMB IS about to be DROPPED!!
LEGEND Recording Co. is the fastest growing, most talked about Independent label in the Mid South!

Sure we all love the Grand Ole Opry but LEGEND is out to prove there's a lot more going on down on Music Row than GUITARS & COWBOY HATS.

In the short time that LEGEND has been on the scene it has enjoyed the success of two local releases on EVERYDAY HUSTLAZ and the underground hit D.J.LEE . Both releases made MONEY and have been a great testing ground for future nationwide distributed releases.

LEGEND has also rewritten the rulebook on contracts, payment and the treatment of it's artist and producers. (our UNITY is second to none)

LEGEND Recording Co. is backed and co. owned by NEW LIFE Record Shop Inc. NEW LIFE has been in the business for over twenty years in Nasville.

It's owners Gary D.Adams and Lee Lane started in a very small leased building back in 1976 , since then NEW LIFE now owns a rather large building and is very proud of a business which grosses over one million dollars per year.

(Not bad for a one location mom & pop store)

In it's twenty years NEW LIFE has had the pleasure of being visted by groups and artist such as N.W.A. , Eazy E , Public Enemy, 2 Live Crew, S.OS. Band, The Barkays Bobby Womack, MC Shy D, and the list goes on and on!

NEW LIFE has also seen kids grow up coming in to the store that have become local Rap Stars themselves.

Some of those kids have grown up to become the BEST TALENT in Nashville and have been recruited to help build its new label LEGEND Recording Co..

THE STUDIO:

LEGEND also co owns DIXIE DOGG STUDIOS located at 1017 16th. Ave South on Music Row in Nashville Tn.

DIXIE DOGG is a small but well equipped 24 trk. digital, 16 trk. analog studio loaded with all the goodies most anyone would ever need to record great albums.

LEGEND Recording Co. Artist, Producers and Engineers share full use of the studio giving them a comfortable place to come in and create, lay down tracks, mix down and ect. all free of charge to the LEGEND FAMILY.

ARTIST PROFILE: KOOL DADDY FRESH

Kool Daddy Fresh is the most well known Rap Artist in Nashville.

There has not been a day to go by that someone doesn't ask about the new Kool Daddy Fresh album at New Life Record Shop.

FRESH has been in the rap game since he was just a kid, winning local rap contest everywhere he entered. Since the early days of the GHOST BUSTERS, NEW STYLE POSSE and the YOUNG GANGTAS he has been loved by just about everybody that has ever seen or heard him perform. And believe it or not Kool Daddy Fresh is the first and only Rap Artist to perform on the stage of the famous RYMAN AUDITORIUM a.k.a. the old GRAND OLE OPRY to a packed house of Nashville big wigs such as the Mayor of Nash. Vince Gill, Marty Stuart, and many other Super Stars of Nashville, and they loved him too, Kool Daddy Fresh was one the most praise performances of the night at the Nashville Music Awards Show.

The Kool Daddy Fresh debute album (It's All True) came out in 1994 and out sold everyother record in the history of New Life Record Shop, nearly 4000 copies sold in one store in less than a year and a reported 30,000 copies in the Mid South region with scattered sells all over the country. Kool Daddy Fresh is also the most sought after artist by up and coming local rappers

to be on their projects, from the small self produced tapes to the larger distributed releases Fresh has love for all who are real, and has lent his talent generously.

The latest which are Organize Crime (Rugged Records), Playa G (Eastwood Recordings)

and K N S (Legend Recording Co.)

Now get ready for the new KOOL DADDY FRESH album coming from LEGEND Recording Co. It is the most anticipated album release in the Mid South ever!

Current Producers: K N S , SLICE, PLAYA G, GARY O and G- BORN

(THIS WILL BE THE BOMB)

ARTIST PROFILE: K N S a.k.a. GARY HAYDEN

K N S is one of the most talented Producer/ Programers in the south !!!

He started out doing mix tapes for his friends then all the sudden everybody wanted a K N S mix tape and at 25 dollars a pop K N S was the mix tape King in Nashville.

Then K N S put his mind on Producing and Programing, he produced such records as the YOUNG GANGSTAS, moving up to PISTOL a.k.a. King P , 1st. release on (RUTHLESS/ STREET FLAVOR) then KOOL DADDY FRESH (Fo' Real) which put Kool Daddy and Pistol on the map!!

Now K N S has got so many people wanting him to program their tracks but K N S don't sell himself short or cheap only working with a select few (you would lucky to get one of his tracks).

K N S has a new project about to be released on LEGEND called YOU CANT HOLD ME BACK titled that because of the injustice done to him in the past by certain bullshit labels who not only tried to screw him out of money promised but even tried to take credit for production on the albums. (WHAT A RIP !!!) But thats all about to change. The K N S project will show off his vocal talent as well as others such as Kool Daddy Fresh , Big-D , D.J. Lee, and some of his old school buddies like M.C. Boo, Rock Box, Slugger, and some new comers the family such as Twenty, Lockdown, Liquor, E-Smoove and Clayface. As you can see K N S does not forget his friends .

K N S has been working on this project for nearly a year, so when it comes out you better look out because it's gonna blow up so hard that debris will be falling down from outterspace sprinkling everybody with a little taste from K N S !!!!!!!!!!!!!

(His album is dedicated to his late brother "Tony Rony") R.I.P.

ARTIST PROFILE: D.J.LEE

Like K N S , D.J. Lee started out doing mix tapes and D.J.ing at parties and clubs around town , and LEE too is a man of many talents . From Shelbyville Tn. D.J.Lee has a lot of life experience under his belt spending in Florida with the JAM PONEY EXPRESS as well as time over sea fighting for our country in the GULF WAR.

These days he has a whole new attitude about life, God and the pursuit of his dreams. D.J.Lee goes way back in the Nashville Rap scene to his days with the GHOSTBUSTERS

to his debute on the Kool Daddy Fresh album (It's all true) and known as a free style assassin to anyone whos ever stepped up against him on the mic.

D.J.Lees first solo project titled D.J.LEE (Struggle to Survive) was an underground release written, produced, and recorded in the hood at the crib on an ASR 10 and a 4-track, all by D.J.Lee with little help from his freinds it then picked up by LEGEND Recording Co.and distributed statewide in Tn.

To date it has been a very successful release making money for the artist as well as the record co.

D.J.Lees mixture of knowlege and humor is unique and Lee has a way of crawling inside

your head to make you pay attention to his storytelling,rhymes and way of life.

D.J.Lee is currently working on his new project, which is sure to surprise alot of people.

It's got that deep doom bass which should give your systems a solid workout along with some mind bending extras thrown in just to let you know it's D.J.Lee from tennessee.

Again he will be programing, writting, producing,engineering himself along with a little help from Gerald"G-BORN"Holt. But as if that wasn't enough you should this guy on stage he really knows how to take control and captivate. Look for D.J.Lees new release later this year, once you get it you'll go looking for his underground tape too!!

ARTIST PROFILE : BIG-D

Derrick McKissick known as BIG-D is the big man of the family and of the most valuable

vocal and writing talents in the group. I first heard Big-D on the YOUNG GANGSTAS tape produced by K N S then I heard him on the Kool Daddy Fresh (It's All True) release, then last year (1995) Big-D along with Quiny "Q-Dawg" Johnson had a very successful E.P. release titled "EVERYDAY HUSTLAZ" Produced by Gerald "G-Born"

Holt and it was the first release from LEGEND Recording Co..

Big-D is also on the K N S , the Kool Daddy Fresh projects this year, seem everybody wants Big-D on their albums but it's no surprise to anyone who's ever heard Big-D flow.

He is currently writing for his next album which will no doubt kick ass too.

LAST WORD:

As you can see there's a common thread running through the artist at LEGEND Recording Co. that spells U.N.I.T.Y. They have all been in the Rap game together since they were kids and still they are a very tight knit group of friends that watch each others back, take up slack and won't settle for anything that is wack!!!!

I am very proud and honored to have them as the LEGEND FAMILY and will do anything in my power to see them all reach the success that I know they deserve.

We do not believe in lasting success through ill gotten gains but we do believe through hard work, patience and with Gods blessing we can achieve anything!!!

PEACE

Lee Lane (a.k.a. Corleone)
Pres. & C.E.O. Legend Recording Co.
